

HAVE IT ALL. THE ONLY 2-INCH SUSPENSION LIFT DESIGNED BY CHEVROLET ENGINEERS.

Professionally engineered. Fully integrated. Remarkably executed.

Introducing the **only** 2-inch Suspension Lift designed, engineered, tested and backed¹ by Chevrolet specifically for the All-New 2019 Silverado. Developed by the same vehicle-level engineers that built the truck, this system was tested under the same grueling conditions, and will not void the New Vehicle Limited Warranty.¹

With separate systems for select 2WD and 4WD All-New 2019 Silverado models, each system features front and rear passive monotube dampers specifically tuned to the chassis, jounce bumpers, rear leaf spring spacers and much more for fully integrated installation. An exclusive Front Camera Reconfiguration² and an Electronic Power Steering Calibration² is included so that all driver-assist systems continue to function seamlessly. Read the vehicle owner's manual for important driver-assist system feature limitations and information. Expert installation by an authorized GM Dealer is recommended!

2-INCH SUSPENSION LIFT

For All-New 2019 Silverado 4WD: P/N 84629787 – MSRP³ \$1,295 – Install Time 4.8 hr

For All-New 2019 Silverado 2WD: P/N 84629789 – MSRP³ \$995 – Install Time 4.3 hr

DESIGNED, ENGINEERED, TESTED AND BACKED BY CHEVROLET.

Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Chevrolet Parts sold over the counter, or those not requiring installation, will continue to receive the standard Chevrolet Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. Chevrolet warranties do not apply to Associated Accessories. See your dealer for details.

¹ Chevrolet Accessories Lift Kits installed by an authorized GM Dealer or installed by a customer will not void the New Vehicle Limited Warranty. See standard Chevrolet warranty terms above, and your dealer for details.

² Front Camera Reconfiguration and Electronic Power Steering Calibration included only with authorized GM Dealer installation.

³ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

⁴ Front half-shafts are components of 4WD system P/N 84314830 only. Not included in 2WD system P/N 84314833.

September 2018

GET THE RIGHT FIT.

ENGINEERED TO FIT THESE ALL-NEW 2019 SILVERADO MODEL & TRIM LEVELS:

ALLOWABLE SUSPENSION LIFT CONFIGURATIONS

FOR ALL-NEW 2019 SILVERADO 1500

RESTRICTIONS

(DO NOT INSTALL A SUSPENSION LIFT ON THESE CONFIGURATIONS/OPTIONS)

P/N	DRIVE	TRUCK CONFIGURATION	SUSPENSION CODES	CONFIGURATION RESTRICTIONS	OPTION RESTRICTIONS
84629787	4WD	Crew & Extended Cab (all bed lengths)	Z85, Z60 or Z71	Restricted from LT trim with 5.3L V8 engine (L84)	Restricted from Continuous Damping/Magnetic Ride Control (Z45), Towing Package (NHT), Snow Plow Package (VYU) & Lifted Suspension (Z7X)
84629789	2WD	Crew Cab, short bed	Z85	Restricted from LT trim with 5.3L V8 engine (L84) or 3.0L Turbo Diesel engine (LM2)	
			Z60 or Z71	Restricted from LT trim with 5.3L V8 engine (L84)	
		Crew & Extended Cab, standard bed	Z85, Z60 or Z71	Restricted from LT trim with 5.3L V8 engine (L84)	

REQUIRED SYSTEM RECALIBRATIONS/RECONFIGURATIONS

To maintain full functionality of all driver-assist systems, the following recalibrations/reconfigurations must be performed:

Front Camera:

- To accommodate the additional 2-inch suspension height, the front camera must be reconfigured

Electronic Power Steering:

- To reduce the hard stop turning limits and enable a softer maximum steering angle limit, the Electronic Power Steering requires recalibration. The results are reduced power steering motor fatigue and stress, allowing long-term operation with lifted suspension components

See the reverse side of this sheet for complete Chevrolet Accessories warranty disclosures and terms.

THE 2-INCH SUSPENSION LIFT **CANNOT** BE INSTALLED ON:

- All Regular Cab trucks
- All GM plant-built lifted trucks (Z7X), including Trail Boss and Trail Boss Custom
- All Continuous Damping/Magnetic Ride Control (Z45) Trucks
- All Enhanced Towing-equipped trucks (NHT)
- All Snow Plow Prep-equipped trucks (VYU)
- Trucks with a composite rear leaf spring:
 - Chevrolet LT Trim with 5.3L V8 (L84) Engine
 - Chevrolet LT Trim, 2WD, Crew Cab, short bed with 3.0L Turbo Diesel (LM2) engine and Z85 suspension

SEE AN AUTHORIZED GM DEALER FOR EXPERT INSTALLATION.
