

HAVE IT ALL.

Truck shown is originally equipped with a Suspension Lift. Photo is for representation only. See chart on next page for allowable Suspension Lift configurations and restrictions.

THE ONLY 2-INCH SUSPENSION LIFT DESIGNED BY CHEVROLET ENGINEERS.

Professionally engineered. Fully integrated. Remarkably executed.

Introducing the **only** 2-inch Suspension Lift designed, engineered, tested and backed¹ by Chevrolet specifically for the All-New 2019 Silverado 1500. Developed by the same vehicle-level engineers that built the truck, this system was tested under the same grueling conditions, and will not void the New Vehicle Limited Warranty.¹

With separate systems for select 2WD and 4WD All-New 2019 Silverado 1500 models, each system features front and rear passive monotube dampers specifically tuned to the chassis, jounce bumpers, rear leaf spring spacers and much more for fully integrated installation. An exclusive Front Camera Reconfiguration² and an Electronic Power Steering Calibration² is included, so that all driver-assist systems continue to function seamlessly. Read the vehicle's Owner's Manual for important driver-assist system feature limitations and information. Expert installation by an authorized GM Dealer is recommended!

2-INCH SUSPENSION LIFT

For All-New 2019 Silverado 1500 4WD: P/N 84629787 – MSRP³ \$1,295 – Install Time 4.8 hr

For All-New 2019 Silverado 1500 2WD: P/N 84629789 – MSRP³ \$995 – Install Time 4.3 hr

DESIGNED, ENGINEERED, TESTED AND BACKED BY CHEVROLET.

Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered by the applicable limited warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Chevrolet Parts sold over the counter, or those not requiring installation, will continue to receive the standard Chevrolet Dealer Parts Limited Warranty of 12 months from the date of purchase, parts only, regardless of miles. Chevrolet warranties do not apply to Associated Accessories.

See your dealer for details.

¹ Chevrolet Accessories Lift Kits installed by an authorized GM Dealer or installed by a customer will not void the New Vehicle Limited Warranty. See standard Chevrolet warranty terms above and your dealer for details.

² Front Camera Reconfiguration and Electronic Power Steering Calibration included only with authorized GM Dealer installation.

³ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

⁴ Front half-shafts are components of 4WD system P/N 84314830 only. Not included in 2WD system P/N 84314833.

March 2019

Components included:

- Front and Rear Passive Monotube Dampers
- Front Half-Shafts (4WD only)⁴; Front Compatibility Brackets and Front Jounce Bumpers
- Rear Leaf Spring Spacers and Rear Jounce Bumper Spacers
- Electronic Power Steering Calibration² and Front Camera Reconfiguration²
- Replacement Fasteners as required
- Compatible Vehicle Jack
- Instruction Sheet

PERFORMANCE

GET THE RIGHT FIT.

ENGINEERED TO FIT THESE ALL-NEW 2019 SILVERADO MODEL & TRIM LEVELS:

| RESTRICTIONS (DO NOT INSTALL A SUSPENSION LIFT ON THESE CONFIGURATIONS/OPTIONS) | | | | |
|------------------------------------------------------------------------------------|-------|---------------------------------------------------------------------------------------|----------------------------|----------------------------------------------------------------------------|
| P/N | Drive | Trim Restrictions | Configuration Restrictions | Option Restrictions |
| 84629787 | 4WD | Restricted from LT trim with 5.3L V8 engine (L84) or Custom TrailBoss or LT TrailBoss | Regular Cab | Restricted from Max Trailering Package (NHT), Snow Plow Prep Package (VYU) |
| 84629789 | 2WD | Restricted from LT trim with 5.3L V8 engine (L84) or 3.0L Turbo Diesel engine (LM2) | | |

REQUIRED SYSTEM RECALIBRATIONS/RECONFIGURATIONS

To maintain full functionality of all driver-assist systems, the following recalibrations/reconfigurations must be performed:

Front Camera:

- The front camera must be reconfigured to update camera reference height, ensuring safety system accuracy with increased ride height

Electronic Power Steering:

- To reduce the hard stop turning limits and enable a softer maximum steering angle limit, the Electronic Power Steering requires recalibration. The results are reduced power steering motor fatigue and stress, allowing long-term operation with lifted suspension components

THE 2-INCH SUSPENSION LIFT **CANNOT** BE INSTALLED ON:

- All Regular Cab trucks
- All-New 2019 Chevrolet Silverado 1500 Custom TrailBoss and LT TrailBoss
- All Max Trailering Package trucks (NHT)
- All Snow Plow Prep-equipped trucks (VYU)
- All-New 2019 Chevrolet Silverado 1500 equipped with composite rear leaf springs:
 - Chevrolet LT Trim with 5.3L V8 engine (L84)
 - Chevrolet LT Trim, Short Bed with 3.0L Turbo Diesel engine (LM2)

SEE AN AUTHORIZED CHEVROLET DEALER FOR EXPERT INSTALLATION.
