

CAMARO

ACCESSORIES

2019-2020 EDITION

WHAT CAN YOU DO WITH CAMARO?

When it comes to design and performance, Camaro is the legendary sports car that sets the pace. So, where will you take things from there? Chevrolet offers a variety of possibilities with accessories, parts and packages that can help you stand out from the pack – and make Camaro your own.

POWERFUL PERSONALIZATION.

There's nothing quite like the thrill of owning a Camaro. Its bold looks provide the perfect canvas for personalization – and only Chevrolet Accessories can provide you choices that are completely in tune with the engineering and design standards set forth by this legendary sports car. Choose from a wide selection of wheels, stripes, emblems, floor mats and other accessories to give your Camaro a custom look that's anything but ordinary. To enhance things even more, Chevrolet Performance offers power, durability and innovative technology that can give you less drag, more speed, flat cornering and more control.

Whatever you choose, you can be confident you're getting personalization that has been perfected for Camaro, with many accessories and parts that have been designed, engineered, tested and backed by Chevrolet.

Start making Camaro all your own today at chevrolet.com/accessories, which offers a convenient way to shop, select and ship thousands of choices.

Illuminated Bowtie Emblems feature 100% waterproof construction and are tested to withstand extreme temperatures from -40°F to 158°F.

Accessory wheels endure extensive validation and fatigue testing.

Chevrolet Accessories for Camaro endure cycle tests that include thousands of on/off and open/close cycles.

PACKAGES

PRIDE AND PROTECTION.

The following packages are designed to display your Camaro pride and protect your iconic sports car.

Summer/Winter Package

Premium All-Weather Floor Mats in Jet Black with Camaro Script
(First- and Second-Row)
P/N 23412245.

Premium Carpeted Floor Mats in Jet Black with Camaro Logo
(First- and Second-Row)
P/N 23283734.

Shown with Adrenaline Red stitching. Also available in Gray stitching.

Winter Package

Battery Charger with Camaro Script
P/N 84534448.

Premium All-Weather Outdoor Car Cover in Black with Camaro Logo
P/N 23457475.
Also available in Red and Gray.

PACKAGES

ZL1 Protection Package

Premium All-Weather Outdoor Car Cover in White with ZL1 Logo
P/N 23248243.

Premium Carpeted Floor Mats in Jet Black with Adrenaline Red
Stitching and ZL1 Logo (First- and Second-Row)
P/N 23378909.

Camaro Logo Package

Camaro Fender Badge in Chrome
P/N 23273557.
Premium Carpeted Floor Mats in Jet Black with Camaro Logo
(First- and Second-Row)
P/N 23283734.

Shown with Adrenaline Red stitching. Also available in Gray stitching.

Floor Console Lid in Jet Black with Embroidered Camaro Logo
P/N 84092719.

EXTERIOR

Vehicle shown with Center Stinger Stripe combined with Spider Stripe.

Stripes

1. Spider Stripe

Available on LS/LT/LT1/SS. Shown in Red Hot.
P/N 84356655.
MSRP¹: \$395.
Also available in Satin Black, Silver Ice Metallic and White Pearl.

2. Center Stinger Stripe

Available on LS/LT/SS. Shown in Satin Black.
P/N 84356666.
MSRP¹: \$550.
Also available in Red Hot, Silver Ice Metallic and White Pearl.

3. Hood Stripe in Satin Black with Hash Mark

Available on LS/LT/LT1/SS. Hash Mark shown in Silver Ice Metallic.
P/N 84684579.
MSRP¹: \$395.
Also available in Red Hot.

4. Body Spear Stripe

Available on LS/LT/LT1/SS. Shown in Mosaic Black Metallic. Coupe only.
P/N 23507052.
MSRP¹: \$350.
Also available in Hyper Blue Metallic, Nightfall Gray Metallic, Red Hot, Silver Ice Metallic and White Pearl.

5. Fender Hash Mark Decal Package

Available on LS/LT/LT1/SS. Shown in Red Hot.
P/N 84684588.
MSRP¹: \$175.
Also available in Carbon Flash Metallic, Hyper Blue Metallic, Nightfall Gray Metallic, Silver Ice Metallic and White Pearl.

¹ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

ROCK THE BOWTIE.

Emblems

1. Front Illuminated and Rear Non-Illuminated Bowtie Emblems in Black

P/N 84329529.

MSRP¹: \$340.
2. Front and Rear Bowtie Emblems in Black

P/N 84219485.

MSRP¹: \$120.

Fender Badges

3. Camaro Fender Emblem in Chrome

P/N 23273557.

MSRP¹: \$110.
4. Camaro Fender Emblem in Black

P/N 84152028.

MSRP¹: \$120.

Grilles

5. LT/LS Lower Grille with Inserts

Shown with Red Hot inserts.

P/N 84112220.

MSRP¹: \$370.

Also available with Black and Silver Ice Metallic inserts.

¹ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

EXTERIOR

SPOILER ALERT.

Spoilers

- 1. ZL1 Spec Spoiler**

MSRP¹: \$250.
Requires Convenience and Lighting Package.

¹ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

FUEL YOUR PASSION.

Chevrolet Performance offers a lineup of parts that can transform your Camaro and give it exactly what you need – added performance on the street, less drag and more speed for the track, and even improved launch and traction for the drag strip. Designed by the same engineers who created Camaro, these parts have been tuned to match the driving characteristics and high standard of this legendary nameplate.

When it comes to adding looks or speed, there's only one choice. Chevrolet Performance offers power, durability and innovative technology to ensure your Camaro performance is just right for you. Visit chevy.com/performance for more details.

PERFORMANCE

The parts listed in this section of the brochure are intended primarily for use in racing, track applications or off-road vehicles only – they are not intended for use on public roads. U.S. federal law and Canadian law prohibit an automobile manufacturer or dealer from removing, modifying or rendering inoperative any part installed on a motor vehicle in compliance with an applicable Federal Motor Vehicle Safety Standard or any part of federally required emission control systems on a motor vehicle used on public roads. Further, many states and provinces have enacted laws with various penalties for tampering with, or otherwise modifying any required emission or noise control system.

Many parts intended for racing, track applications or off-road use are not designed or tested for crashworthiness or to meet the safety needs of the motoring public, and may adversely affect the original intended performance or handling characteristics of the vehicle. These parts are designed and intended to be used with experts supervising their installation and use to help assure the proper and safe operation of the vehicle.

Unless specifically noted to the contrary herein, vehicles equipped with Chevrolet Performance Parts may not meet Federal Motor Vehicle Safety Standards and emission regulations and should not be operated on public roads. Chevrolet Performance customers are responsible for ensuring their use of Chevrolet Performance Parts complies with applicable federal, state and local laws, regulations and ordinances.

These components are intended for installation and operation in off-road uses only. They may not meet the full durability requirements that Chevrolet validates for its street legal, production vehicle components. The use of these components in a GM vehicle may result in adversely affecting vehicle performance. In some cases, use of certain Chevrolet Performance components may result in the failure of other components or systems, which would not be covered under the New Vehicle Limited Warranty. For Performance Parts in this catalog designated with an asterisk (*), installation of such parts may void part or all of the New Vehicle Limited Warranty; further warranty information and other specific restrictions are called out with each Performance Part. Otherwise, vehicles do retain their New Vehicle Limited Warranty coverage with Chevrolet Performance components installed by an authorized GM Dealer or qualified Independent Service Center.

PERFORMANCE PARTS

UP YOUR GAME
ON THE STREET.

Take your Camaro up a level by adding the following parts designed to intensify your looks and handling feel in and out of the corners.

6.2L Strut Tower Brace in Black with Chevrolet Performance Logo

Enhance the road feel of your Camaro and stand out underhood with this unique Black anodized strut tower brace. This lightweight, aluminum underhood brace enhances chassis stiffness, increases strut tower lateral stiffness up to 47% and contributes to a more direct steering response, as compared to a stock Camaro SS Coupe. Features a laser-etched Chevrolet Performance logo. Base and installation hardware included. Compatible with 2016+ Camaro SS models. Direct replacement for production Camaro SS Convertible models. P/N 84247228. MSRP¹: \$395.

INCREASE LATERAL STIFFNESS UP TO
↑47%

Front 6-Piston Brembo® Brake Upgrade System and Matching Rear Calipers

Bolster driver confidence with 6-piston front Brembo® Red brake calipers, slotted rotors and pad upgrade, and 4-piston rear Brembo® Red brake calipers. P/N 84236462 (6-piston front Brembo® brake calipers, slotted rotors and pad upgrade). MSRP¹: \$3,150. P/N 84300395 (4-piston rear Brembo® Red brake calipers). MSRP¹: \$600.

6.2L Cold Air Intake System

Upgrade the look, sound and performance of your sixth-gen Camaro with this performance air intake. The LT1 intake reduces air intake restriction by up to 17% at 360 grams per second. Rigorously tested for durability, corrosion and performance, this system is 50-state emission complaint and will not void the New Vehicle Limited Warranty. This part has been granted an Executive Order from the California Air Resources Board. E.O.D. 126-53 (2020). P/N 84651227. MSRP¹: \$525.

REDUCES AIR INTAKE RESTRICTION UP TO
↑17%

Lowering Suspension Upgrade System

Lower your sixth-gen Camaro 20mm at each corner and maintain its excellent ride quality. This Lowering Suspension Upgrade System uses high-rate front and rear coil springs, along with specifically tuned struts and shocks. Not available on models with Magnetic Ride Control™. Available for LS/LT and SS models with specific kits for coupes and convertibles. P/N 84203549 (LT1/SS Coupe without Magnetic Ride Control™). P/N 84203551 (LT1/SS Convertible without Magnetic Ride Control™). P/N 84188725 (LS/LT Coupe with 20-Inch Wheels). P/N 84203550 (LS/LT Convertible with 20-Inch Wheels). MSRP¹: \$1,500.

Sway Bar Suspension Upgrade System

Enhance the road-handling performance of your Camaro. Content includes stiffer front and rear stabilizer bars and front handling links. When combined with the Lowering Suspension Upgrade System, vehicle roll is reduced by 18%. P/N 84401188. MSRP¹: \$495.

REDUCES VEHICLE ROLL UP TO
↑18%

Performance Exhaust Upgrade System

Add great performance sound and premium appearance without voiding the factory limited warranty. Tuned design maximizes performance experience and minimizes drone. Includes 4-inch high-polish stainless steel tip. Available for SS and LGX 3.6L V6 applications, except with (NPP) Dual-Mode Exhaust. LTG without Ground Effects, P/N 84578419. MSRP¹: \$1,595. LTG with Ground Effects, P/N 84578420. MSRP¹: \$1,495. LGX without Ground Effects, P/N 84578421. MSRP¹: \$1,195. LGX with Ground Effects, P/N 84578422. MSRP¹: \$1,095. LT1 without Ground Effects, P/N 84578423. MSRP¹: \$1,195. LT1 with Ground Effects, P/N 84578424. MSRP¹: \$1,095.

¹ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.

Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Chevrolet Parts sold over the counter, or those not requiring installation, will continue to receive the standard GM Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. Chevrolet warranties do not apply to Associated Accessories. See your dealer for details.

TURN THINGS UP ON THE TRACK.

Take your Camaro driving experience to new heights on the track. Chevrolet Performance offers a lineup of parts for your Camaro SS specifically developed for high-performance Camaro variants.

1LE Spec Suspension Handling Upgrade System
Enhance your vehicle's road-handling performance with this Suspension and Sway Bar Upgrade System. The stiffer stabilizer bars, higher-rate springs and handling links reduce body roll and increase steering precision and feel. MR Shock calibration has been specially tuned to optimize ride and handling with the increased spring and stabilizer bar rates. Available exclusively for Camaro SS models with Magnetic Ride Control.[™]
P/N 84556736. MSRP¹: \$1,500.

ZL1 1LE Spec Handling Component Suspension Upgrade System*
This track-tested system provides racers with front ride links, front handling links, rear upper and lower trailing links, and rear knuckles complete with stiffer bushings and ball joints to reduce suspension flex. The 71% stiffer upper and lower trailing links (compared to the Camaro SS), 58% stiffer rear link inner bushings and an additional 4% reduction in roll gradient (combined with the ZL1 1LE Spec Multimatic Lowering and Handling Suspension Upgrade System) result in improved on-track performance lap after lap. Available exclusively for Camaro SS Coupe models without Magnetic Ride Control.[™] Intended for off-road use.
P/N 84352119. MSRP¹: \$1,218.

ZL1 1LE Spec Multimatic Lowering and Handling Suspension Upgrade System*
Born on the track, designed for the ZL1 1LE and tested to the extreme in Trans Am TA4 competition, the system is for the serious on-track enthusiast looking for the fastest times around a track at the sacrifice of street comfort. Multimatic DSSV dampers, combined with front and rear coil springs, and a ZL1 1LE spec front sway bar, reduce ride height by up to 10mm and offer a 22% decrease in roll gradient, a 245% increase in front spring stiffness and – in Chevrolet Performance testing – up to a 1.8-second-per-lap reduction around the Milford Proving Grounds NE Course (compared to a stock Camaro SS). Available exclusively for Camaro SS Coupe models without Magnetic Ride Control.[™] Intended for off-road use.
P/N 84352121. MSRP¹: 4,325.

Camaro SS 1LE Electronic Limited-Slip Differential (eLSD) Calibration
Continuous on-track and street development combined with the pursuit of perfection have pushed our Camaro engineers to develop an eLSD calibration that will enable faster turn in and faster power application on turn exit. This eLSD calibration will decouple the differential at a faster rate based on accelerator pedal position and steering wheel angle to enable faster yaw rotation at corner entry; and upon corner exit, the eLSD will couple faster than normal rates to enable power to be delivered sooner to both rear wheels. Available exclusively for Camaro SS 1LE models only. Dealer installation only.
MSRP¹: \$350.

Note: Reflashing the Chassis Control Module with this calibration maintains the vehicle's warranty.

ZL1 1LE Spec Solid Rear Cradle Mounts*
These mounts are constructed from 6061-T6 aluminum and machined from billet. They replace your vehicle's standard rubber bushings and add rigidity while reducing suspension compliance for drag strip or track driving applications.
P/N 84341929. MSRP¹: \$403.

1LE Spec Short-Throw Shifter
The 1LE Performance Package shifter delivers shorter, more precise shifts for a greater feeling of control and immediate performance. It is a direct replacement for the standard manual shifter on Camaro LS/LT and SS models. No knob or boot included. The shift throw is reduced by 4.2% for the L4/V6 and 8.75% for the V8.
LT1 V8, P/N 24287123. MSRP¹: \$325.
LTG L4/LGX V6, P/N 24288057. MSRP¹: \$325.

1LE Spec Shift Knob and Boot
Enhance the sport look and feel of your Camaro with the addition of the soft hand-stitched shift knob and boot in Black Suede.
P/N 24287140 (2.0L Turbo and 3.6L V6).
P/N 24287141 (6.2L V8, shown).
MSRP¹: \$170.

ZL1 1LE Spec Spoiler in Visible Carbon Fiber
Built from exposed weave carbon fiber, the aggressive high-mounted 3 stanchion carbon weave wing increases rear aero downforce on Camaro SS by up to 284% while only increasing drag by 9% in static wind tunnel testing. Includes all mounting hardware and requires no drilling. Chevrolet Performance recommends use with the Camaro SS Front Fascia Extension for improved track vehicle handling characteristics and aerodynamic balance. For 2018+ Camaro SS Coupe models.
P/N 84712513. MSRP¹: \$5,400.

¹ Manufacturer's Suggested Retail Price. Tax and installation extra. See dealer for details.
*Vehicles equipped with Chevrolet Performance Parts may not meet Federal Motor Vehicle Safety Standards and emissions regulations and should not be operated on public roads. Chevrolet Performance customers are responsible for ensuring their use of Chevrolet Performance Parts complies with applicable federal, state, and local laws, regulations, and ordinances. Many parts intended for racing or other off-highway use are not designed or tested for crashworthiness or to meet the safety needs of the motoring public, and may adversely affect the original intended performance or handling characteristics of the vehicle. These parts are designed and intended to be used with experts supervising their installation and use, to help assure the proper and safe operation of the vehicle. Chevrolet Performance Parts not requiring installation or purchased over the counter carry a 12-month limited warranty on parts only.

PERFORMANCE PARTS

CONQUER THE DRAG STRIP.

Chevrolet Performance offers a lineup of parts designed and developed to help improve the launch and traction attributes of your Camaro SS on the drag strip. These parts have seen extreme testing and validation in our Drag Race Development Program, which continues to explore the quarter-mile capability of the sixth-gen Camaro.

The parts listed in this catalog are intended for installation in competition vehicles for operation in drag racing applications only. By “competition vehicles,” GM means vehicles (i) used exclusively for competitions organized and sanctioned by a local or private body and (ii) not designed for use on public streets or highways. Consumers are strongly advised not to install parts accompanied by this warning on vehicles that will be driven on public roads. They have not been designed or tested for crashworthiness or to meet the safety needs of the motoring public, and they may not meet the full durability requirements that Chevrolet validates for its street legal, production vehicle components. U.S. federal and state, and Canadian law prohibit an automobile manufacturer or dealer from removing, modifying or rendering inoperative any part installed on a motor vehicle in compliance with an applicable Federal Motor Vehicle Safety Standard. Further, U.S. federal and state, and Canadian law prohibit any person from knowingly removing, modifying, or making inoperative, or causing someone to remove or render inoperative, or otherwise tampering with, any part or element of design installed in compliance with motor vehicle emission standards on a motor vehicle or nonroad vehicle, or otherwise modifying any required emission and noise control system. Vehicles equipped with Chevrolet Drag Racing Parts may not meet Federal Motor Vehicle Safety Standards and should not be operated on public roads. Installation or use of these parts on a vehicle operated on public streets or highways is also likely to violate U.S., Canadian, and state and provincial laws and regulations relating to motor vehicle emissions. U.S. federal and state, and Canadian provincial agencies have the authority to administer substantial monetary penalties against individuals and companies who do not comply with these laws. Chevrolet Performance customers are responsible for ensuring their use of Chevrolet Drag Racing Parts complies with applicable federal, state/provincial and local laws, regulations and ordinances, and for ensuring that modified vehicles are operated in a manner that complies with applicable laws. The use of these components in a GM vehicle may adversely affect the original intended performance or handling characteristics of the vehicle. These parts are designed and intended to be used with experts supervising their installation and use to help assure the proper and safe operation of the vehicle. Use of certain Chevrolet Drag Racing Parts may result in the failure of other components or systems, which would not be covered under the New Vehicle Limited Warranty. For Drag Racing Parts in this catalog designated with an asterisk (*), installation of such parts may void part or all of the New Vehicle Limited Warranty; these components are warranted against defects in workmanship or materials for 12 months / unlimited miles for parts only. These materials may not be reproduced, distributed, or modified without the express written permission of GM. The marks appearing in this catalog, including, but not limited to: (i) GM and the GM logo, (ii) Camaro and its respective logos, emblems, vehicle and part names, and (iii) other marks of third-party suppliers, are trademarks and/or service marks of GM, its subsidiaries, affiliates, or third-party supplier licensors.

6.2L Cold Air Intake System - Race Filter*

When maximum airflow is all you need, this Cold Air Intake System Race Filter has you covered. Designed for the Camaro SS drag racer, this high-flow dry media race filter provides up to a 51% reduction in restriction at 350 g/sec (compared to the production Camaro LT1 Air Induction System) for the ultimate off-road drag strip performance. Requires Cold Air Intake System (P/N 84651227). P/N 84355716. MSRP¹: \$87.

American Racing Headers²

2 Chevrolet Performance has partnered with American Racing Headers to create a licensed header kit for Camaro. These headers feature 3/8-inch thick flanges with TIG-welded and hand-ported inlets, along with a 1-7/8-inch tube routing that maximizes performance and fit. Designed and manufactured in the USA with USA-sourced 304 stainless steel, these headers are for track and competition use only. P/N CAV8-16178300LSNC.

High-Stall Torque Converter System*

This High-Stall Torque Converter is ideally matched to LT1 powertrain to provide up to 45% increase in stall speed over the standard unit, resulting in consistent lower 60-foot times and overall ETs. This system is for track/competition use only and provides the same quality-engineered torque converter clutch and torque ratio linearity you've come to expect from your Chevrolet, while delivering the added performance you crave at the track. Only available through 2018 model year. P/N 24290897. MSRP¹: \$1,530.

PLEASE NOTE: The ultimate stall speed achieved will depend on the extent of engine modifications, torque management, tire selection and track surface conditions.

Rear Small Brake System*

The right tires can help put the power to the pavement. Expand your wheel and tire choices by switching to a smaller rear brake system. This brake system decreases the rear rotor diameter to 315mm (from the standard 339mm on SS). This allows for the use of wheels as small as 16 inches (always verify fit). High-performance, semi-metallic brake pads are included to maintain a confident brake feel. P/N 84396515. MSRP¹: \$600.

WELD® Racing Front-Runner Drag Racing Wheel³

3 Chevrolet Performance has teamed up with WELD® Racing to create an 18-inch x 6-inch drag racing front-runner. The result is an American-made, fully vetted forged 6061-T6 aluminum Monoblock drag racing wheel in a Black anodized finish that will fit on your sixth-generation Camaro. Exceeds SFI 15.1 Specs. SFI 15.1 Certified. 18-inch x 6-inch x 2.7-inch Backspace – 5x120 Bolt Pattern – Black Front-runner. P/N 88B-1806N-GM. MSRP¹: \$1,018 (each).

WELD® Racing Rear Drag Wheel³

Chevrolet Performance has partnered with WELD® Racing to create a 16-inch x 10-inch racing wheel. The result is an American-made fully vetted forged 6061-T6 aluminum drag racing wheel in a Black anodized finish that will fit perfectly on your sixth-generation Camaro. Exceeds SFI 15.1 Specs. SFI 15.1 Certified. 16x10-inch + 39mm Offset – 7-inch Backspace – 5x120 Bolt Pattern – Black Center – Black Single Beadlock with Chevrolet Performance Logo. P/N 88B-610SB-GM. MSRP¹: \$1,130 (each).

ZL1 1LE Spec Solid Rear Cradle Mounts*

These ZL1 1LE Spec Solid Rear Cradle Mounts are constructed from 6061-T6 aluminum and machined from billet. They replace your vehicle's standard rubber bushings and add rigidity while reducing suspension compliance for drag strip or track driving applications. P/N 84341929. MSRP¹: \$403.

ZL1 Spec Heavy-Duty Halfshaft System

For racers looking for halfshafts capable of carrying up to 5,000 lb.-ft. of torque on each side, round after round. This system was designed for Camaro SS drag racers and includes both right and left halfshafts, washer and bolt assemblies, hub nuts, and replacement exhaust gasket and clamp for a bolt-on race solution. P/N 84398126. MSRP¹: \$1,095.

ZL1 Spec Heavy-Duty Propshaft System

With increased power and torque, seasoned Camaro drag racers know they need heavy-duty driveline equipment to put the power to the ground, round after round. Capable of carrying up to 4,000 lb.-ft. of torque, this system ships complete with the front flex coupler nuts and bolts, center bearing bolts, rear flex coupler nuts and bolts, the complete ZL1 propeller shaft assembly, and replacement exhaust gasket and clamp for a bolt-on drag strip solution. P/N 84398125. MSRP¹: \$1,200.

GM Licensed and Associated Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent supplier alterations.
