# THE TRAVEL COMPANIONS THAT ACTIVE LIFESTYLE GEAR DEMANDS.

Thule®<sup>1</sup> Roof-Mounted Cargo Boxes, Baskets and Nets, and Hitch-Mounted Cargo Boxes help expand Chevrolet owners' gear-carrying options. For the frequent traveler, it means more space inside their Chevrolet vehicle for passengers and personal items, with luggage safely stowed out of the way. For the active family, that translates to more room for luggage, sporting goods, camping gear and more. And for the growing family, that means flexible storage space for bulky items like strollers and play yards.

Thule® Roof Rack Kits include AeroBlade cross rails and all necessary mounting hardware to expand the cargo capacity for your Chevrolet vehicle. They form the foundation required to mount a wide variety of Thule® Roof-Mounted Carriers. Thule® Roof Rack Kits provide easy installation and peace of mind in roof rack technology.

One of the major benefits of Thule® products is the ability to use multiple combinations of products at once. A Roof-Mounted Cargo Box can hold bulky ski boots, ski clothing and other luggage while a Hitch-Mounted Winter Sports Rack can safely transport a family's skis and snowboards. In warmer weather, swap out the Hitch-Mounted Winter Sports Rack for a Hitch-Mounted Bike Carrier and load up the Roof-Mounted Cargo Box with camping gear.
