## TOOLBOXES THAT GET THE JOB DONE

All toolboxes are not created equal. Designed and engineered to handle up to 250 lbs.<sup>1</sup> of storage, toolboxes by UWS® and Chevrolet Accessories are made from commercial-grade aluminum to withstand virtually anything you throw at them or in them.

### Single-Lid Deep-Well Toolbox

The strength and dependability you rely on and security you count on. This patented, fully foamed lid creates a rigid wall to help prevent bending or warping. The box and lid take on heavy loads and withstand the impact from dropped tools. Accompanying coated J-hooks protect your truck from scratches and make for easy installation.

### Gullwing Toolbox

This toolbox combines convenience and security with half-box access. An innovative connecting rod enclosure helps prevent the box contents from bending or jamming the locking system. With a slight pull, the self-closing struts automatically shut the lid and secure the toolbox. Coated J-hooks provide your truck protection from scratches and assist in easy installation.

### Genuine Chevrolet Accessories Stationary Toolbox

Capable of handling several hundred pounds of storage, this toolbox features a removable sliding tray with a rubber mat. The dual gas shocks ensure a smooth open and close. It's easy to install, mounting securely to the truck bed without the need for drilling.

<sup>1</sup> Must not exceed manufacturer-specified vehicle or cargo capacity rating.

1 UWS, a division of Thule, provides a three-year manufacturer's warranty. For warranty details, call UWS at 800-432-4685. Equipment shown is from an independent supplier and is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of third-party supplier alterations.

2 Manufacturer's Suggested Retail Price. Tax, title, license, dealer fees and other optional equipment extra. Labor and installation charges not included. MSRP does not include labor.

3 Most GM parts and accessories sold and permanently installed on a GM vehicle by a GM Dealer or GM-approved Accessory Distributor/Installer (ADI) prior to delivery will be covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. In the event GM accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the balance of the applicable portion of the New Vehicle Limited Warranty, but in no event less than 12 months/12,000 miles.

GM accessories sold over the counter, or those not requiring installation, will continue to receive the standard GM Dealer Parts Warranty of 12 months from the date of purchase, parts only.
