

***Ready For Sale !!!***

True Carbon Fiber Parts by Borla for Full Size Trucks and SUV's

- The parts are made using 100% carbon fiber construction
- Surface ply is a 2X2 Twill weave, to match other OEM components
- All pattern and ply segments are cut using CAD operated ply cutter
- The parts are hand layup then vacuum bag, autoclave cured.
- All parts are coated using an automotive urethane clear coat.
